SMOKE TESTING CONTINUES

- Smoke testing of the sewer lines will continue for the next couple of weeks.
- Smoke is white, non-toxic, and odorless.
- Pouring water down seldom used drains will help keep the smoke from entering your home.

Iberg Road Update

On August 29th, ground was broken for the Iberg Road Extension project. Keller Construction, of Glen Carbon was awarded the project in early August. To date, approximately 50% of the earthwork for the bridge that is being constructed over the railroad tracks is complete.

Arial photos taken on October 2nd show the south side of the RR bridge (top), and the entire road alignment beginning at Michael Road heading north (bottom).
